

July 7, 2025

Dear Board of Washington County Commissioners,

As my direct supervisors, I am tendering you my forced resignation from the position of Washington County Planning & Zoning Administrator. I have approached the Board multiple times to attempt to address the hostility and lack of support and clarity of direction that is felt by me and the Planning & Zoning Department. To my knowledge, these concerns have not been addressed, making it nearly impossible for the Planning & Zoning Department to perform our duties. It has taken a toll on my health and wellbeing, and I cannot continue working under the current conditions in the Planning & Zoning Department.

Respectfully,

Bonnie Brent-Dowell
